Using Social Skills to Address Bullying

In collaboration with the Center for Disabilities Studies and Delaware Department of Education

Many students struggle to fit in during the transition to middle and high school. With the increased rates of bullying behavior during this time, some students are more likely to encounter bullying.

This session will help families understand topics that address bullying in middle and high school. It will also offer strategies and information about reinforcing effective social skills, which may help address bullying.

Wednesday, October 18, 2017

35 Commerce Way

Dover, DE 19904

6:00pm-8:00pm
